

# Fairmount Fire & COVID-19 (Coronavirus)

## The following prevention measure are being taken:

- JeffCom 911 dispatchers have been and will continue to screen patients who call with related symptoms
- If COVID-19 is suspected crews will limit exposure by wearing head to toe personal protective equipment. The patient exam will be limited to one care giver.
- If the patient needs to go to the hospital Fairmount crews will take steps to create an isolation area in the ambulance and will call ahead to the designated hospital so the staff there can prepare for the patient's arrival.
- After the call crews will follow new disinfection and decontamination protocol.
